Re: Connect America Fund, WC Docket No. 10-90

Dear Ms. Dortch,

On January 24, 2013 Connected Nation submitted Reply Comments in the above listed docket. Those Reply Comments provided information to the Commission regarding a number of filings that discuss the accuracy of the Commission's proposed list of census blocks eligible for Connect America Fund Phase I incremental support in states in which Connected Nation is the state broadband initiative mapping agent. Connected Nation's Reply Comments discuss filings made by F&B Communications (Iowa) and Nelsonville TV (Ohio). Unfortunately, due to unintentional editorial error, our responses regarding the filings of those two broadband providers are incorrect or incomplete. In particular, F&B Communications in 2012 did provide broadband availability data to Connected Nation in conjunction with the October 2012 NTIA mapping data submission cycle that conforms with the service area described in F&B's January 9, 2013 filing in this docket. In addition, on January 4, 2013, as part of the current NTIA mapping data submission cycle, Nelsonville TV provided updated broadband information to Connected Nation.

The attached Reply Comments accordingly corrects the paragraphs on page 5 and 9 that discuss F&B Communications and Nelsonville TV to reflect this updated information. These are the only changes to Connected Nation's Reply Comments. The attached replaces in its entirety the version of Connected Nation's Reply Comments that were filed on January 24, 2013.

Should you have any questions, please feel free to contact me.

Respectfully,

S/Thomas M. Koutsky
